

## Wave pull handles

“ fresh out of the surf ”

Wave handles are an asymmetrical design and are handed. We have handed them with the belly pointing towards the hinges to allow for good finger clearance. When ordering specify a LH or RH Wave (see drawing below). All share 130 mm centre to centre fixing posts.

Different size Wave pull handles can be mounted as a back- to-back pair.

Item • Wave 550 Pull  
Metal • Bronze  
Finish • Bright  
Code • ZE001BBZ
